## REVELATION CHAPTER 17: BABYLON

## THE PAGAN ORIGINS OF ISLAM

Pictures of the Black Stone and the kaaba (Mecca)

The old chroniclers relate that before the advent of Islam (Jahilia), there were 24 Kaaba in the Arabian Peninsula, but Mecca was revered by all tribes. As to its original appearance, the Kaaba probably first appeared as a simple stone box without a roof, built in the vicinity of a water point at the bottom of a dry valley, treeless. Its construction in this unusual place clearly

stated an intention to worship and confirmed to be a sacred space. Soon people came from all over Arabia and erected statues (asnam) of his idols, who visited once a year as part of their pilgrimage. They say that when he came to Islam, the Kaaba contained more than 360 statues of these deities, the most revered and acclaimed were: Hubbal, al-Lat, al-Uzza and Manat. The Kaaba was built at some unknown time, perhaps during the late Roman period. The Koran says that the Prophet Ibrahim (Abraham) was the one who built the Mecca with the help of his son Ishmael. (source: Wikipedia)

### **The Muslim pagan rites**

- In their prayers, Muslims kneel 5 times a day toward this piece of meteorite decorated with silver
- During the pilgrimage, pilgrims struggling to caress or kiss the black stone. Rock set in the northeast corner of the Kaaba.
- The Islamic ritual in which pilgrims turn 7 times around the Kaaba. Worship found in sects

*According to authentic Islamic hadith, this stone was used to welcome the Prophet of Islam. [Muslim, Book 30, number 5654] Jabir ibn Samura reported that the Messenger of Allah (peace be upon him) said: "I recognize the stone in Mecca which used to greet me before prophethood, and I recognize so far."*

*Leviticus 26:1 "You must not make for yourselves idols, so you must not set up for yourselves a carved image or a pillar, and you must not place a sculpted stone in your land to bow down before it, for I am the Lord your God."*

### **The Ismaelites (muslims) have a false prophet :**

Genesis 17 says that God made an everlasting covenant for Isaac and his descendants after him. Muhammad is not the offspring of Isaac but Ishmael. In Revelation [7:4], the prophecies of John are about the 144,000 servants of God, the descendants of the 12 tribes of Israel. Again, we see that Muhammad and his multitude are not elected by God.

### **Islam seems to be a modern version of the Babylonian lunar worship :**

The Islamic lunar calendar, Ramadan period depends on the moon, the dome of the mosque under a crescent moon, the flags of Muslim countries represent a crescent... Many symbols of Islamic marketing use a crescent moon... Why some many things related to the moon?

As shown by the pre-Islamic moon idols, it seems that Allah is really a kind of moon god.

## MECCA (MEKKAH), THE NEW BABYLON, THE QUEEN OF THE KINGS OF THE EARTH

Barack Obama baisant la main du roi d'Arabie - George Bush et Ahmadinejad donnent la main au roi Abdullah.

Picture: Barack Obama kissing the hand of the king of Arabia, George Bush and Ahmadinejad taking hands with king Abdullah

In ancient times, Babylon was the capital of idolatry, false religions, sexual licentiousness and lust. Sin, the ancient god of the moon, was one of the pagan idols of Babylon. Previously, the Babylonian Empire destroyed Jerusalem, probably the new Babylon will have the same characteristics.

Nowadays, what religious community that raises all his anger against Israel? What city / country economically and religiously influence in the inhabitants of the earth with its oil and false religion? Which city / country come to lust and sexual immorality in the greater hypocrisy? Which big city orders public executions: crucifixions, amputations, beheadings? What religion worships the moon through its lunar calendar, Ramadan, with a crescent on the top of the dome of their places of worship?

### **Babylon, the great prostitute.**

2. *with whom the kings of the earth committed sexual immorality and the earth's inhabitants got drunk with the wine of her immorality."*

Saudi Arabia is the scene of a great hypocrisy. It's another reason why press freedom is virtually nonexistent in this country. On one hand, this country prohibits any non-Islamic religion and on the other, spilling their venom building mosques all over the world in exchange for its oil to nations and kings of the earth.

Saudi Arabia proposes the Islam as a religion of peace while ridiculing Human Rights: Discrimination and persecution of Christians, decapitation and death sentences for those who abandon their Islamic religion.

Saudi Arabia condemns and prohibits sexual relations outside of marriage, but what do the rich Saudi princes? They engage in corruption by importing Western prostitutes in the basement of their homes.

Saudi Arabia closes its eyes to the fatwas (Islamic laws) that permit marriage of little girls. It does not reprimand marriages between a imam and a girl.

This desert is the setting of any form of evil in the world.

3. So he carried me away in the Spirit to a wilderness, and there I saw a woman sitting on a scarlet beast that was full of blasphemous names and had seven heads and ten horns.

*Ezekiel 37:1 The hand of the Lord was on me, and he brought me out by the Spirit of the Lord and placed me in the midst of the valley, and it was full of bones.*

*Ezekiel 37:2 He made me walk all around among them. I realized there were a great many bones in the valley and they were very dry.*

Ezequiel was transported in spirit to a specific location and was able to describe what he saw.

*Apocalypsis 21:10 So he took me away in the Spirit to a huge, majestic mountain and showed me the holy city, Jerusalem, descending out of heaven from God*

John is carried away in spirit to a great and high mountain, then he started to describe what he saw.

Every places where a prophet is taken away in spirit, are physical locations. In verse Apocalypsis 17:3, John was transported in spirit, in a natural desert, then he begun to describe exactly what saw : the woman, Babylon. The big city Babylon cannot be Vatican.

5. On her forehead was written a name, a mystery: «Babylon the Great, the Mother of prostitutes and of the detestable things of the earth.»

Today, what religion other than Islam declares war [jihad] in the name of his god? Any. In fundamentalist countries like Pakistan, Somalia, Afghanistan, Iran, Iraq, Saudi Arabia, Malaysia, Indonesia.... human rights and freedom of expression come after the religion. These countries

are witnessing scenes of horror from Islamic fundamentalists (beheading, stoning, honor killings, amputations, etc. ...); Acts condoned by Sharia (Islamic law)

*6 I saw that the woman was drunk with the blood of the saints and the blood of those who testified to Jesus. I was greatly astounded when I saw her.*

Mecca has witnessed bloody battles against Christians, Jews and pagan people. But overall, his spirit passed by Islam continues to kill millions worldwide! Darfur, Somalia, Pakistan, Iraq,... all those millions of Christians killed in the name of Allah! The excesses of religions finally disappeared for a long time... Only Islam is spreading terror throughout the world. Mecca is, symbolically, the founding mother of Islam. See the link Islamic religious massacres :

<http://www.prophetie-biblique.com/fr/persecutions-chretiens-islam.html>

8. *«The beast you saw was, and is not, but is about to come up from the abyss and then go to destruction. The inhabitants of the earth – all those whose names have not been written in the book of life since the foundation of the world – will be astounded when they see that the beast was, and is not, but is to come. -*

The Islamic Empire existed throughout the Ottoman empire, the empire that unified several Arab-Muslim countries. These empires were formed to disappear after the fall of the Ottoman Empire. And today we are witnessing a resurgence of Islam in the world. A Muslim conqueror who takes each day a little more control over the nations of the world. (Europe> 55 million Muslims - World> 1.57 billion Muslims)

9. *This requires a mind that has wisdom. The seven heads are seven hills the woman sits on. The seven heads are seven mountains the woman sits on.*

Definition: A mountain is usually placed at a minimum altitude of 800 meters.

Rome has seven hills (most do not exceed 70 meters). Mecca has 7 mountains of which the highest is over 900 meters (see satellite map below)

10. *The seven heads are also seven kings: five have fallen; one is, and the other has not yet come, but whenever he does come, he must remain for only a brief time.*

The scarlet beast (allegory of "red blood" and "royalty") is the Islamic ideology, whose mother (the source) is none other than Mecca.

11. *The beast that was, and is not, is himself an eighth king and yet is one of the seven, and is going to destruction.*

**The beast that was** -> The Islamic empire that existed under the Ottoman Empire

**and is not** -> One of his heads was wounded to death. (1st fall of the Islamic empire until the end of the Ottoman Empire, which had succeeded in uniting the Muslim countries, something that the Mufti of Palestine wanted to start again with the support of Hitler).

**Is himself the eighth king** -> The beast has 6 heads who are now the Muslims. One of their heads, Europe, part of the ancient Roman Empire is in the process of Islamization and has already 55 million Muslims ; The beast has 7 heads; it represents the resurgence of the 7 ancient empires all united under the Islamic ideology. These empires are raised and collected through an eighth empire, the Islamic empire! . The largest, most powerful and devastating of all time, an empire, both national and transnational, united around a common language (Arabic), the same Islamic law (Sharia) and the same goal, to spread Islam by the whole earth.

**Is one of the seven** -> The beast, the Islamic empire, is the number of clans, thanks to the Ottoman Empire which had succeeded in uniting the Arab countries and thus form the Islamic empire.

12. *The ten horns that you saw are ten kings who have not yet received a kingdom, but will receive ruling authority as kings with the beast for one hour.*

13. *These kings have a single intent, and they will give their power and authority to the beast.*

It is about 10 kings from Muslim countries geographically close to Israel; It could be Turkey, Syria, Lebanon, Libya, Egypt, Palestine, Iran, Iraq, Sudan, Somalia. All these countries have radical Islamist groups. All converge towards a reunification of the Arab and Muslim countries, to resurrect the beast, the Islamic empire that once existed in the Ottoman Empire. Kadafi begins to undertake this project with the reunification of African countries and making clear its support for Iran and Syria, a key ally of Iran.

16. *The ten horns that you saw, and the beast – these will hate the prostitute and make her desolate and naked. They will consume her flesh and burn her up with fire.*

The countries in which there are jihadi groups (Muslim extremists) have a strong hatred towards Saudi Arabia for its alliance with the United States. Extremist groups like al Qaeda have tried several times to carry out suicide attacks in Saudi Arabia. For example, the Islamist fundamentalists, as Tariq Ramadan, supposed to belong to the terrorist wing of the "Egyptian Muslim brothers" are not allowed entry into this country.

18. *As for the woman you saw, she is the great city that has sovereignty over the kings of the earth.*

Saudi Arabia influences the world economy through its oil and financial investments. This country exports around the world its false religion with massive construction of mosques, Islamic schools and banks in the West (**banks which in 2009 handled more than 900 billion U.S. dollars**). Finally, when it comes to the spread of the laws of Islam, Saudi Arabia interferes with the western politics. People like George Bush maintain strong relations with the Saudi king. Barack Hussein Obama recently kissed the hand of King Abdullah. In general, the kings and presidents from around the world complain the requirements of Saudi Arabia. How not to speak of the Kingdom of Saudi Arabia over the kings of the earth?

## **REVELATION CHAPTER 18 THE FALL OF BABYLON**

3. *For all the nations have fallen from the wine of her immoral passion, and the kings of the earth have committed sexual immorality with her, and the merchants of the earth have gotten rich from the power of her sensual behavior.»*

Saudi Arabia is a country of lust and excess (the world's largest hotels, luxury extravagant ,...)

The countries of the world "fornicate" with Saudi Arabia for the "black gold", so important for developing economies. With its oil, Saudi Arabia intoxicates kings and nations of the earth.

Our media and politicians self-censor when they talk about Islam! All this to avoid inflaming the anger of the Muslim community in Western Countries and not to offend their relations with Saudi Arabia based in a great sovereignty.

### **Mecca, a city of luxury.**

The Kaaba has the world's most expensive door. This door contains 280 kilograms of 99% pure gold and worth a fortune (costs about U.S. \$ 10 million) ; we can imagine the luxury that surrounds the Kaaba in Mecca. Kaaba contains the calligraphy of Koranic verses. In fact, the door of the Kaaba has two doors, one opening inward and outward. It stands at 2.25 meters above the ground. The Kaaba is permanently covered with a black silk cloth with an area of 650 square meters. This is a very expensive cover and is renewed annually. This cloth contains the patterns of Koranic verses embroidered in gold too. There is a special industry to manufacture it. The plant is located in the old road from Jeddah to Mecca. It employs about 250 skilled workers. Each one specializes in one discipline: weaving, embroidery, calligraphy, etc.. The plant operates continuously so that it can produce annually a new cover (kiswa). The interior of the Kaaba is like an empty room with a giant copy of the Koran displayed at a booth. The wall is covered in marble (Source> Umrah)

9. *Then the kings of the earth who committed immoral acts with her and lived in sensual luxury with her will weep and wail for her when they see the smoke from the fire that burns her up.*

In Saudi Arabia and Mecca there are many oil wells. This reinforces the idea of a final conflagration. Why not through a nuclear attack by Iran, the birthplace of Shiism, or through a comet or an earthquake ?

11. *Then the merchants of the earth will weep and mourn for her because no one buys their cargo any longer:*

12. *cargo such as gold, silver, precious stones, pearls, fine linen, purple cloth, silk, scarlet cloth, all sorts of things made of citron wood, all sorts of objects made of ivory, all sorts of things made of expensive wood, bronze, iron and marble,*

13. *cinnamon, spice, incense, perfumed ointment, frankincense, wine, olive oil and costly flour, wheat, cattle and sheep, horses and four-wheeled carriages, slaves and human lives.*

### **Mecca, importing large city (from its origins)**

Mecca was a very lucrative business center based on large-scale commercial transactions. Their goods were transported in caravans to different countries of Asia and Africa and imported all the necessary products and expensive items available in Saudi. Africa, mostly

imported resin, ivory, gold and ebony, in Yemen, leather, incense, spices, sandalwood and saffron; from Egypt and Syria, oils and food grains, armor, silk and wines; from Iraq, especially clothing and from India, gold, tin, precious stones and ivory. Sometimes wealthy merchants of Mecca offered to kings and nobles foreign goods of Mecca, the most appreciated were the leather products. When the leaders of Quraysh sent 'Abdullah bin Abu Amr Rabi'a and bin al-As to Abyssinia for bringing back Muslim refugees, they were sent with leather from Mecca that was offered to Negus and his generals.

Mecca was then the main mall of Arabia and its people were rich. Returning from Syria, the caravan of Quraish, who participated in the battle of Badr, included hundreds of camels carrying goods valued at more than 50 000 dinars.

### **Mecca, importing large city (nowadays)**

Saudi Arabia and Mecca import from India, Africa and the Middle East, cargo destined for the luxury and ornamentation of mosques, buildings, houses and hotels: gold, pearls, linen, silk, precious woods, ivory objects, perfumes, ...

Saudi Arabia is an arid desert, a place where almost nothing can grow, oil is the main raw material of this country: agriculture, textiles, livestock, do not exist in Saudi Arabia. This country produces nothing at all, is forced to import foreign knowledge, land and property around the world.

Today the Vatican, Rome import ivory objects, gold, timber, precious stones... ? Do they import cinnamon, spices, incense, myrrh, frankincense, wine, oil, flour, wheat, cattle, sheep, horses, floats, .... ? No.

*13. cinnamon, spice, incense, perfumed ointment, frankincense, wine, olive oil and costly flour, wheat, cattle and sheep, horses and four-wheeled carriages, slaves and human lives [souls of men in other version].*

The end of this verse indicates that this great city will be devoted to the importation of bodies and souls of men. Pay attention, why John is dissociated from the human body and souls of men?

### **Mecca, the city dedicated to the import of men and women.**

In other words, this great city will participate in the physical and intellectual slavery. This is exactly what happens to all immigrants from Africa and Indonesia relegated to be slaves and the dhimmis dominated by Saudi Arabia. (Remember that Islamic Wahhabism allows slavery)

Many prostitutes (women and children) from other countries, come to the subsoil of notables and wealthy Saudis. Finally, Saudi Arabia asks for architects, engineers, construction workers, computer ... from all over the world.

16. saying, "Woe, woe, O great city – dressed in fine linen, purple and scarlet clothing, and adorned with gold, precious stones, and pearls – because in a single hour such great wealth has been destroyed!"

This verse is clearly an allegory because it compares the city with a woman dressed in fine linen, purple and scarlet, and embellished with gold, precious stones...

#### **Mecca, a scarlet city as a symbol of royalty.**

In the Bible, the scarlet color is often associated with power, royalty. The royal monarchy of Saudi Arabia meets this criterion perfectly. Purple is an allegory of wealth and luxury.

#### **Mecca, a scarlet city as the color of blood.**

In verse 24, we see that we have found in her [Babylon], the blood of prophets and saints and all who were slain on the earth. In this case, we can interpret the scarlet color like the one of blood. Since its origin, Mecca is the scene of bloody wars and abominations (see the bottom of the excerpt from the book Universal History of Rashid al-Din - Iran -1314).

Today the city continues executing public crucifixion or beheading thieves, christians, and apostates from Islam... These are the reason why medias are censured in this country. During the Hajj, about 2 million Muslims of the world come to Mecca. More than 800,000 sheep are killed in just one week. Some public places like markets look like bloodbaths.

Mecca is the mother (the source) of islam that kills many people all over the world in the name of Allah. Videos (English version) :

<http://www.prophetie-biblique.com/fr/persecutions-chretiens-islam.html>

17. *And every ship's captain, and all who sail along the coast – seamen, and all who make their living from the sea, stood a long way off*

18. *and began to shout when they saw the smoke from the fire that burned her up: « “Who is like the great city?” » ¿Which city was like this great city?*

Mecca is located 70 km from the coast and out to sea through a port in a coastal city. Connection port on the African continent. At this distance, one can imagine that a huge fire was visible from the sea.

24. *The blood of the saints and prophets was found in her, along with the blood of all those who had been killed on the earth.”*

Revelation 20:4 speaks of souls beheaded of those who refused to submit to Islam. The beheading or throat-cutting is an act inherent to Islam. This applies to animals in Islamic rituals or infidels [non-Muslims] It seems that this last war will be the most terrible of all.

*20:4 Then I saw thrones and seated on them were those who had been given authority to judge. I also saw the souls of those who had been beheaded because of the testimony about Jesus and because of the word of God. These had not worshiped the beast or his image and had refused to receive his mark on their forehead or hand. They came to life and reigned with Christ for a thousand years.*

What religion orders the stoning, beheading, amputation .... In the name of sharia law and a foreign god?

[Excerpt from the life of Muhammad] The slaughter of the Banu Quraydha is shared by modern historians, as Maxime Rodinson. Mohammad ordered to dig large holes in the market of Medina. He led the Jewish groups, and beheaded one by one on the edges of the wells where they were thrown dead. Some claim that were 600 to 700, others 800 or 900.

Terrorism already existed in that time. Today the Muslim fundamentalists reproduce exactly the same hate and violence of his prophet against the Jews, Christians and the apostates from Islam.

Today Muhammad would belong to Al Qaida groups.
